

Okefenokee Country Club

Dear Members

As I sit here on Wednesday morning watching the rain come down, it reminds me of how little control we sometimes have over our day. Most of us TYPE A personalities had our day planned. Whether it was playing golf, working in our yard, or just running errands, the rain has thrown a wrench in our plans and we have no control over it!! But tomorrow, the sun will shine, and we will get back to what gives us pleasure.

With the warmer weather we have seen in the last several days, people are moving about more and as they do I would remind you of a few things. Please remember to lock your vehicles at night. If you see something that appears odd contact either myself or the sheriff's office.

It is still against club rules to fish in the ponds and against Georgia law to drive a golf cart under the age of sixteen (16). Also, the speed limit in the club is 25mph. With the warmer weather we are also seeing more people out walking or running. Please adhere to the speed limit as you travel club roads and be on the lookout for our runners and walkers.

March will bring us several tournaments, none bigger than the Taylor Smith Spring 4 ball. Go ahead and plan early, get your team together, and come enjoy the weekend. On Saturday night, back by popular demand, Squirt Gun will entertain after the Calcutta. Non-player tickets can be purchased from the business office for \$100 per couple, heavy hors d' oeuvres included.

We have also made a few changes in the restaurant. Come and enjoy our Wednesday night buffet, as well as the Sunday buffet, but please make reservations so we can serve you better.

As you go about your day, share a kind word with someone. We never know what that person may be going through in life.

~Andy

From The Greens Committee

It is the Green Committee's responsibility to make sure that course expectations are in alignment with the club's ability to fund the maintenance program, and that the staff, equipment and resources required to meet those expectations are in place.

Greens committee tip of the month...

PLEASE remember to fill your divots. The reason this helps is the sand gives a base for the grass to grow back evenly from a drainage and mowing perspective as well as it keeps the fairways smooth without bumps.
