

Okefenokee Country Club

Dear Members

As I am writing this, the calendar says it's May, but the temperature says it's SUMMER!! Yes, here comes summer and the same challenges we face every year. We have already had several instances with kids jumping on carts or coming out of their houses and playing golf without paying. We have had players golfing on Monday when we are closed, fishing in the ponds, non-members at the pool, children under 16 driving carts on the road, house parties that have had to be broken up and dogs on the course. Yes, the sweet smell of SUMMER!! Please talk to your children about obeying the rules of the club. It will make everyone's job much easier.

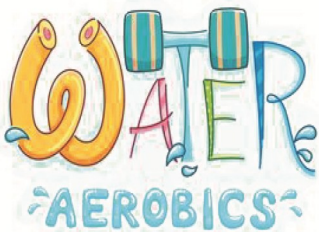

Many changes are taking place at the club. Seth has been able to hire an assistant superintendent, Tamara is adding to her staff, and Mary is training someone to help her.

We also have a new General Manager that will begin work on June 16th. Terry Breden, is from Jacksonville, Florida and is currently the Food and Beverage director at Queen's Harbour Yacht and Country Club. He has an extensive food and beverage background. He and his wife Lisa are parents to two children, Izzy, 12, and Levi, 16 months. He is a Pittsburgh Steelers fan and enjoys spending time with his family and watching sports. He and his family will be relocating to Pierce Co. in the coming weeks. I will be around to hopefully help him as he transitions into his new role. When you see him, please introduce yourself. He brings with him a wealth of knowledge and can help Okefenokee Country Club continue to grow.

~Andy

From the Greens Committee

On the golf driving range, divot patterns should be taken in a linear fashion, rather than scattered, to minimize turf damage and facilitate faster recovery.

Golf Tip

To improve your golf game, focus on mastering the short game, developing a repeatable pre-shot routine, and practice regularly.
